

How Does MYP Work for REAL CHANGE in the Community?

weENGAGE.weEMPOWER.weEQUIP.

Goal #1: ENGAGE.

The community will be aware of and engaged in the mission of Metro Youth Partnership

You'll see us make our mark in schools, businesses, faith communities, parks and programs, enriching programs with assets, holding trainings, and letting all people know what KIDS are saying, what they're asking for, and how to really listen to what they've got to say...

Goal #2: EMPOWER.

More youth will be empowered to serve as asset builders and change agents within their community

Want to get INVOLVED in your community? Start by making your voice heard through one of our Youth Summits, or come to us with your own ideas... We're ready to help!

Goal #3: EQUIP.

More adults will be challenged and equipped to serve as asset builders and change agents within their community

Sometimes, adults need to be reminded - young people are full of great ideas, solutions, and insight. We're helping adults through trainings, events and other activities - showing them the power of kids' contributions, and the reality of kids' concerns...
